Commercial Club Meets Tonight.

Kirk Kleans Clothes. Phone 76.

The apparel of the woman oft proclaims the man.

About 420 miles of road are reported to be under construction in Kentucky under the State aid plan.

What WILL the woodcock say when he sees the handsome STONE pillars of the courthouse painted.

We sterilize your clothes while pressing them, killing all disease carrying germs. Kirk the Kleanser.

President Wilson is making a close study of the probable cost of strengthening the army and navy.

Do not burn your leaves as it is very unhealthy and besides you need them on your garden as they are valuable manure.

With a clear conscience you can look any man in the eye and tell him to go to—Lancaster, which is the best place on the globe.

There are two ways of getting into a newspaper—purchasing an interest and purchasing an interview. There is still another way—pulling the wool over the editor's eyes and getting in for nothing. This is a very popular form of entry.

Whenever you hear a man glorifying the past and drizzling of the good old days, you may be sure that man's physical and intellectual powers are waning, and that he is straggling farther and farther behind in the rush of the world's progress. The best thing about the good old days is that they have not a return ticket.

The scarest things on earth today are men. There are lots of "average men," and a few men of "more than ordinary ability," but when it comes to real men—men of character, men of force, men whose names are things to conjure with, men whose time is worth a thousand dollars a week because people trust them—they are few and far between.

WANTED 5000 DOZEN EGGS

Fresh Eggs 19c, extras candled 20c. H. B. Northeatt.

PIE SUPPER POSTPONED.

The pie supper advertised in the last issue of this paper, to be held at Her-ring's School House has been indefinitely postponed.

ADDRESS TO MASONS.

Dr. A. H. Hibbsman will give a special talk to Masons at the Presbyterian church to-night. All members are asked to meet at Lodge room promptly at seven o'clock.

ADVISE SCHOOL LIBRARIES.

The State Department of Education is sending out to teachers a bulletin advising them to acquire school libraries and giving a list and advice about the selection and installation of the libraries.

BUYS REGISTERED SOW.

While at the State Fair in Louisville last week Mr. W. S. Embury tells us that he purchased a fine Poland China sow, that is bred in the purple and is a fine individual. This sow cost Mr. Embury \$65 and he says he got a bargain.

GOOD SHEEP SALE.

Mr. R. E. Henry recently sold to Washington county parties a bunch of 450 sheep that he had just gotten from Arkansas, for \$5.25 a head. Mr. Henry has several car loads more on the road and from the quality of the sheep he should find little difficulty in disposing of them.

KENTUCKY PRESS MEETING.

The executive committee of the Kentucky Press Association met at Louisville last Friday and selected December 27-28 as the next date for their mid-winter meeting, which is to be held at Lexington. This committee will meet again in Louisville at the Seelbach, to arrange the entire program.

SELLS TROTTER HORSE.

Mr. Forest Stapp sold his trotting horse, Bondale, to Mr. L. S. Hadley, of Wilson N. C., for \$950. This was considered one of the best horses Mr. Stapp has ever owned, royally bred and could show a mile in 2:12, although he held no record. Mr. Hadley will race this horse through the North Carolina circuit.

IN AGAIN, OUT AGAIN.

Mr. John Magee, a former resident and business man of the city was in our city last week and opened up a new stock of goods furnishings next to the Record office. Mr. Magee was only here three days however before he sold the entire stock to Mr. S. N. Davis, our local merchant.

We were sorry to lose Mr. Magee so soon, but glad he succeeded in disposing of his stock, although he sold it at a sacrifice to Mr. Davis who is now retailing it to his customers at great bargains.

SMALL CROWD

And Bidding Slow At Hubble Sale.

The Jack and Jennet sale of L. G. Hubble, which took place yesterday near Hubble, was very poorly attended and the stock sold exceedingly low. About twenty jennets of different ages were sold at an average of about \$90, some selling as low as \$15. Only a few young jacks were sold, all young ones and for practically nothing. Two aged jacks were taken down with no bid offered.

SQUIRE J. P. BOURNE

Buying Mule Colts.

Squire Jim Bourne informs the Record that he will be in Lancaster County Court Day for the purpose of buying from twenty to twenty-five mule colts. There has been little market for mule colts in this County up to this date, but those who have mule colts they desire to dispose of could probably find a sale for them in Lancaster Monday, County Court Day, it being very likely there will be other buyers here also.

LARGE CROWDS

Attend Protracted Meeting.

The meeting that began at the Presbyterian church ten days ago is still in progress and large crowds are in attendance every afternoon and evening. Dr. Hibbsman spoke to the Odd Fellows last night, his subject being "The Good Samaritan." To-night his address will be of a Masonic nature, his theme being, "The Stone Which Builder Rejected Has Become the Head of The Corner." The meeting will continue throughout the week and will close as has been announced next Sunday night. His sermons every Sunday afternoon to men only, have been exceptionally good and he has been greeted with good audiences at these services.

BABIES HEALTH CONTEST

At State Fair.

With blue ribbons pinned to each shoulder of their little white frocks, and a fat bank account snugly tucked away in the pockets of the fond papas and mammas, the two grand prize winners of the babies' health contest at the State Fair were borne in triumph from the big pavilion, where the prizes were awarded Friday afternoon.

Helen LaVerne Sweeney, of Jefferson-town, and William Mackin, of 1218 South Sixth street, are the names of the children who win the \$50 prizes for the highest score made by boy and girl babies, the little girl scoring 94.4 the boy 93.5.

The first prize winner in the class, 12 to 24 months, was Wm. A. Elkin, son of Lee Elkin and grandson of Armp Elkin, both of whom were born in Lancaster, so he is a Garrard Co. product after all.

TWO ROADS IN COUNTY

Being Constructed Under State Aid.

Over two miles of state aid road has been built in the county, one mile on the Stanford pike and about one mile on the Lexington road and all who have seen these roads, pronounce them the best they have ever seen. Three miles of this road is being constructed by the county under the supervision of the state agent, while fourteen miles has been let by contract to Hughes Brothers and Ward, for \$1.45 a cubic yard. The estimated cost of these two roads is about \$1,000 a mile, the aid the county receives from the state, paying for one half of it, reduces the cost very materially. It is thought by many if these roads are now given a good coat of oil, they will last for fifteen years without any further work than to keep the ditches open. The metal for the Stanford road is being shipped from Mt Vernon and about twenty car loads a week are being delivered.

POWER FROM DANVILLE

Is Latest Move For Municipal Ownership.

Dr. Fayette Dunlap and Messrs. Irvine and Lipps of Danville met by invitation, a special meeting of the city council last Monday night, at which time the advisability of getting electricity from The Danville Light and Power Company was discussed. The plan suggested is a very plausible one, while nothing definite has been proposed as to the price, it is believed by those who know, that it will be much cheaper than it can be produced here. These gentlemen representing the Danville power plant, have promised to make a proposition to the council the next meeting night, which will be the first Monday night in October. Cities very much larger than Lancaster are getting there "juice" from other cities; Paris being one that gets her service from Lexington, we are told, for less than two cents a kilowatt. It is thought that Lancaster by building the line to Danville, can get this "juice" for about two cents. This will give us a twenty-four hour service at a much less cost than we are now getting for an eight hour service. The city should own and control her light plant and this looks like a good proposition on the face of it.

We handle only genuine Kanawha salt. The best is none too good for our customers. Hudson, Hughes & Farnau.

Charlie Chaplin, the world's funniest comedian, will be in Lancaster Friday. See him on the streets in afternoon and at Romans Opera House at night. He will make you laugh.

HARPY FATHER.

A beautiful little girl arrived at the happy home of Mr. and Mrs. Carlton Elkin last Monday morning. She has been christened, Emily Anne.

SCOTT

News came to Lancaster yesterday announcing the death of Mrs. Ida Scott of Jessamine county. Mrs. Scott had been in declining health for some time and her death was not unexpected to her intimate friends and relatives. She was a sister of Mrs. Homer W. Batson, of Louisville.

WHAT THE DOG TAX DOES.

The dog tax, after paying for the sheep killed, will contribute \$39,622.46 toward the education of the 743,501 school children in Kentucky this year. While it will go back to the counties from which it originated, and while some counties exhausted the fund paying for dog-killed sheep, which makes the distribution unequal, the dog will have contributed a proportionate share of the State school fund amounting to over 18 cents for each child.

LEXINGTON TROTS.

The Kentucky Trotting Horse Breeders Association at Lexington, owners of the most perfectly appointed trotting course in the world, the fastest track, offers the largest purses, schedules the most important events and attracts thousands of visitors from all over the United States. It has done more to promote the breeding industry than any trotting association in the country. It has helped make Kentucky the greatest nursery for the trotter of any state in the union. The October Meeting will be held the 4th to 16th inclusive and excursion rates are given on all railroads.

ROAD BONDS DEFEATED IN LINCOLN.

By a majority of only 30 a proposal to vote \$130,000 in road bonds was defeated in Lincoln county Saturday and only 1,600 votes were cast out of about 4,000 in the county.

ROAD BUILDING

IN KENTUCKY.

Sixty roads, totaling about 420 miles in length, are now under construction with state aid, and fifty-five inspectors, are engaged in supervising the work. Plans for about 800 miles of road work all told have been submitted to the State Road Department. County Judge Asher, of Bell, has broken the precedent in the State by going outside his county for an engineer, and has employed a man who has been engaged in building roads in Wise county, Virginia which voted a large bond issue.

GERMANS HAVE LOST

TWENTY SUBMARINES.

The Germans have lost twenty submarines since the beginning of the war, according to an editorial note in the Motor Ships and Motor Boats, while the British losses have been only seven, including the E-7, the destruction of which was announced yesterday. When the war commenced, the paper declares, Germany had eleven sea going submarines and sixteen of the latest type, while up to June ten new boats had been added. The assertion is made that the Germans now have only fourteen sea going underwater boats, two of which are in the Mediterranean.

Cleanliness is next to Godliness. Phone 76.

VOTE FOR TOM BALLARD.

For Sheriff

To the voters of Garrard County: It is generally known that the late Curt A. Robinson was elected sheriff of Garrard county by one of the largest majorities ever given any man, and that George T. Ballard Jr., was his chief deputy, George T. Ballard Sr., his father, being a partner with Mr. Robinson in the emoluments or fees of the office. If Mr. Ballard is elected for the two years, yet remaining of the term, he is pledged, and justly so, to give the widow of Mr. Robinson half the profits or fees of the office, which as certainly belong to her as any property he left her. The truth is, an office is a most sacred property right, being bestowed by the people, the highest authority, and it would be the grossest injustice to deprive the holders of such property of their rights. It is not believed that the voters of Garrard county will overlook the principles of justice and equity in this race. If the office belonged to Robinson and Ballard before Mr. Robinson's death, the remainder of the term belongs to Ballard and Mr. Robinson's widow.

If the voters will calmly consider this, as a matter of right and justice, they will not recall or revoke what they have done, and Tom Ballard will be elected by an overwhelming majority. Adv. Fair Play.
